Laravel Project

Sport

Project Laravel

Sport

The goal of this project is to build a sport site using Laravel Framework

- The project is to be done in group of 2
- Sources have to be turned in with blih
- Turn in directory is Laravel_Project

Read the full subject before starting.

Part 0

Introduction

Part objectives:

- Learn MVC.
- Learn how to work in teams.
- Manage bigger projects.

Hello and welcome to 65th edition of the world olympics. We are in 2164, June the 14th and it's 1:22PM.

Note : You must create a Website featuring a sport, the website must be in English or/and French.

And please, read the FULL subject before beginning the work !

Rugby

145-17 New Zealand - Japan

Taringa whakarongo! Kia rite! Kia rite! Kia mau! Hi!

Kia whakawhenua au i ahau! Hi, aue! Hi!

Ko Aotearoa, e ngunguru nei! Hi, au! Au! Aue, ha! Hi!

What a beautiful day for a rugby battle, welcome to the Mars north pole stadium, where the all blacks will be facing the japanese samurais today.

Create a login/subscription space allowing to modify the website content (administrator)

If the user is not connected or is not an admin, we can see the page but we cannot modify the user content.

Football

7-1 Germany- Brazil

We all remember when it happened, July 2014, the Seleção got pwnd by the Mannschaft, 7 to 1 was the final score.

Create a page where you can display teams, each team **MUST** have a name, a country and a flag.

URL “/teams”

Javelin throw

98,48m - Jan Železný

Did he have an arm or a bionic nuclear earth destroyer ?

Create a page containing players, with statistics. Players **MUST** be related to teams (a team must contain at **LEAST** one player)

URL “/players”

Handball <3

92 Goal - Kiril Lazarov

92 is the new 42, well, at least in Republic of Macedonia.

Create a page where you can display matches between teams.

Example:

- ScoreBoard (null)
- Winner
- Teams 1
- Teams 2
- Placement

URL “/match”

Tennis

15-40

Some say, the new tennis balls, are made of chocolate. Thank you Roger.

Create page statistics for every teams.

Example:

- Number of players.
- Number of matches won
- Goal
- Ranking
- ...

URL “/teams/stats”

100 meters freestyle

46s 29 - Abbey Weitzeil

Look at the shark man, THE SHARK MAN !

<https://www.youtube.com/watch?v=A3ytTKZf344>

Add some statistics to each match.

Example:

- Meteo
- Faults
- Action Points
- ...

URL “/match/stats”

VolleyBall

3-15

HAIKYUU !!!!!

Multilingualism: Add some more languages to your website.

Example:

- French
- English
- Quenian
- Russian
- Créole
- Valyrian
- Ook !!
- ...

Curling

8 stones

Add game bet ratings for each match made by users

Canoeing

Bonus

Add functionality.
